

10/9/25

Due to recent events and a review of our safety protocols and the policy listed in our Student Handbook, we would like to share the amended policy:

SCHOOL SAFETY

All Saints Catholic School has a Facilities Committee and a Safety Subcommittee which review and update safety procedures. Safety drills take place monthly, which include fire, tornado and/or intruder drills.

SCHOOL VIOLENCE THREAT

All Saints Catholic School complies with Wisconsin Act 143, which requires reporting of school violence threats by certain individuals, including teachers, school administrators, school counselors, other school employees, physicians, and other medical and mental health professionals. Specifically, an identified individual must report if the person believes in good faith, based on a threat made by an individual seen in the course of professional duties regarding violence in or targeted at a school, that there is a serious and imminent threat to the health and safety of a student, school employee, or the public. These individuals must immediately inform a law enforcement agency of the facts and circumstances contributing to the belief that there is a serious and imminent threat.

Communication to Families after an incident

Unfortunately, there are times when a situation or event happens and ASCS will need to inform families on any resulting changes to be made to school procedures, any outcomes, and/or to ensure current and future safety of our school community. We understand the importance of sharing as much information as possible with our school community in a timely manner, without breaching confidentiality. We ask that in times such as these, family members be patient while we undergo thorough investigations and decide correct action steps. When possible, we will let you know the nature of the incident, the date/time, law enforcement involvement, any additional security measures being implemented, and any further developments. We also ask that you trust our safety protocols. Communications will be sent by using our option C alert system, which can include email, voice and/or text messages. (Possible examples: an unauthorized person enters the building, KPD, Fire, or EMS are called for an incident when children are present, or if there's been a threat.)

We will contact KPD/Fire/EMS for incidents such as someone on campus exhibiting abnormal behavior, an unauthorized person entering the building, or receiving information about a threat.
